

Isolation/Quarantine Decision Tree for Cases and Contacts

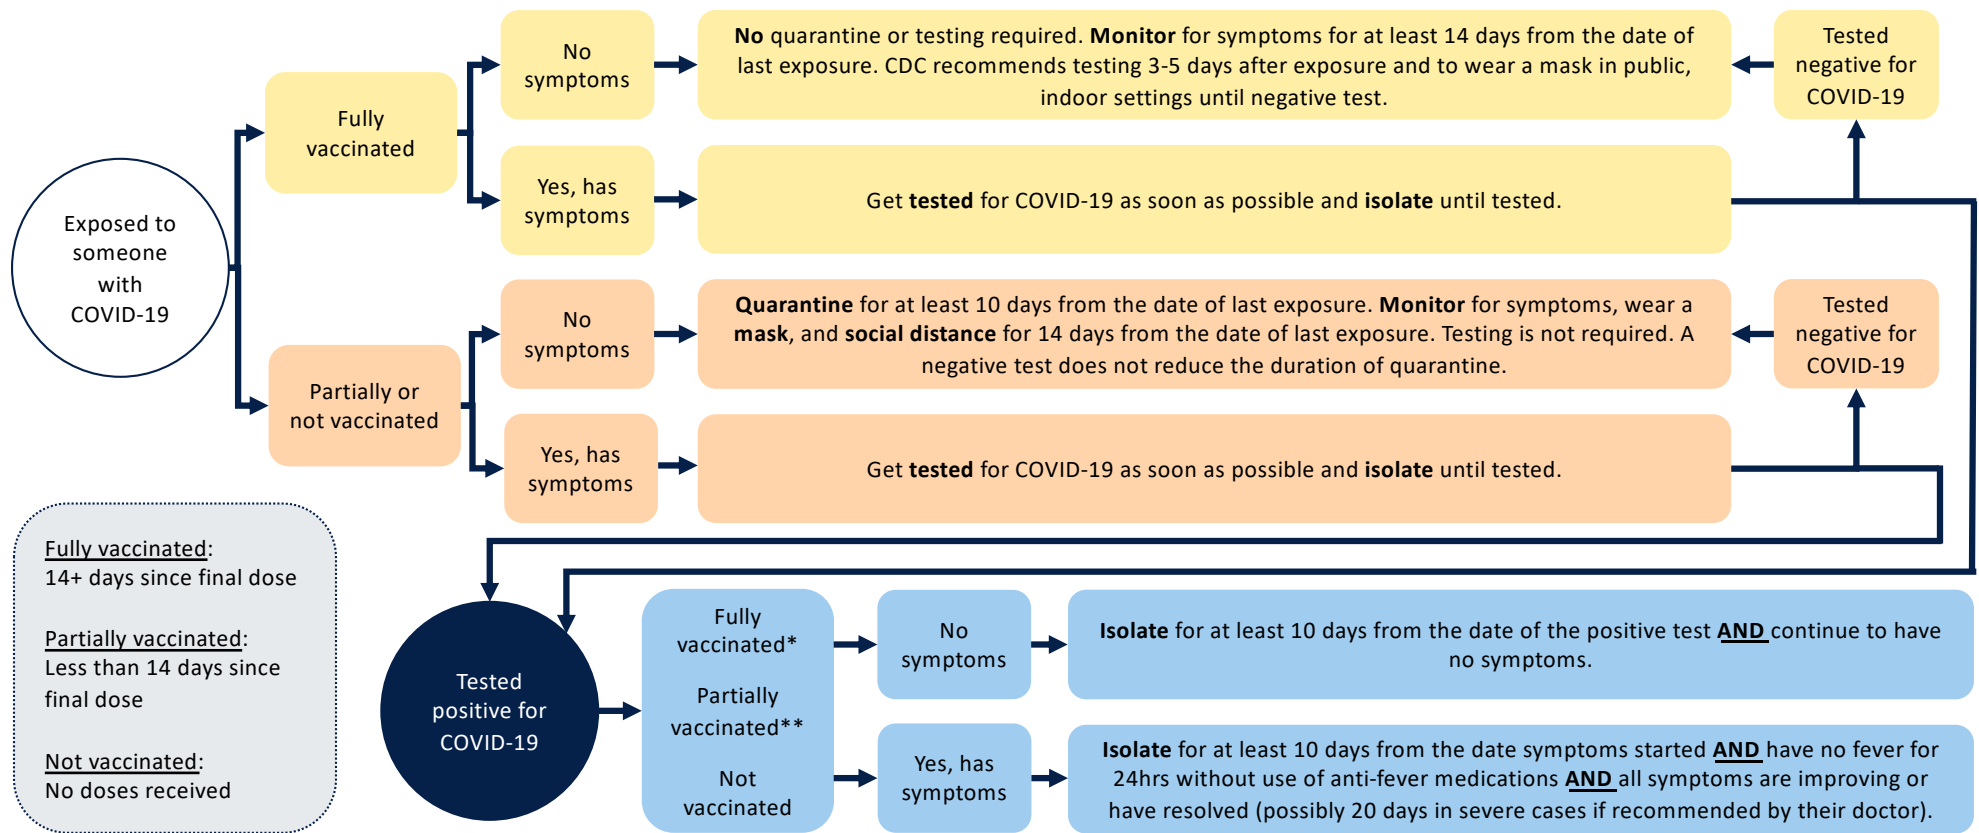

Guidance may vary by Local Health Jurisdiction (LHJ) and for healthcare workers and those in congregate settings. Prioritize LHJ recommendations.

Updated 8/17/21

*LHJ may conduct further investigation of possible Post-Vaccination Infection (PVI) and report to CDPH or CDC

**Not considered a PVI because they are not fully vaccinated at the time of exposure

Fully vaccinated:
14+ days since final dose

Partially vaccinated:
Less than 14 days since final dose

Not vaccinated:
No doses received
